OGC 89-50611

16 March 1989

MEMORANDUM FOR: [] Office of Congressional Affairs
THROUGH: [] DGC for Administrative Support
FROM: []
Associate General Counsel
Logistics and Procurement Law Division/OGC
SUBJECT: S. 433-Amendment to 10 USC to Establish a Civilian Acquisition Agency in the DoD STAT

1. Pursuant to your request, we have reviewed the subject bill and have concluded that its passages could have a significant impact on Agency equities. Even though we have independent statutory authority, [] provides that the Agency's acquisitions will follow the FAR and the DFAR as closely as practicable. The changes in DoD acquisition procedures may enhance or complicate Agency practice. We do consider this to be critical legislation that needs active monitoring. We will study the proposed legislation in greater detail and advise you of specific concerns we have with the proposed language.
